2. EXECUTIVE SUMMARY

As per census 2011, there are 21,938 households in Balangir Municipality area having 98,238 populations. Balangir Municipality is a fast-growing city in the state. The total area of Balangir Municipality is 49.37 sq km and has 21 wards. Major portion of the waste are generated from households. Besides households, other major waste contributors are from markets, commercial establishments, offices, street sweeping etc.

For the purpose of this RFP; 21 Number of wards of BALANGIR MUNICIPALITY out of 21 have been made into 2 (Two) zones, which will be taken up components of solid waste management like street sweeping, cleaning and desilting of surface drains, bush uprooting and conservancy cleaning. The objective of this bid document is to invite applications or bids from the interested parties who will carry out the above assignments with

With the introduction of solid waste management by the Housing and Urban Development Department communicated by its SOP vide letter no. 13408, dt-30.07.2019. Balangir Municipality has taken up the initiative to setting-up of Wealth Centres, comprising Micro Composting Centres (MCC) and Material Recovery Facilities (MRF) for processing of wet and dry waste respectively. The Municipality is endeavoring to adopt the principle of “3R” Reduce, Reuse and Recycle, where waste generated is not treated as waste, but as potential resource generating input that will be further processed at the designated centres.

In BALANGIR MUNICIPALITY area, the Door to Door Collection of Waste is conducting through Battery Operated Vehicles (BOVs) & Light Commercial Vehicles (LCVs) and some other parts through Tri-Cycles. Also, all the Wealth Centres of BALANGIR MUNICIPALITY have been handed over to Women Self-help Groups (WSHG) for the operation and maintenance purpose.

The Micro Composting Centres (MCCs) shall handle the biodegradable wet waste collected which is segregated at the source, where the wet waste shall be composted by using suitable bio catalytic agent. The bio degradable and non-biodegradable dry waste which is non-segregated will be sorted in the Material Recovery Facility. The successful operationalization of MCC and MRF is the ultimate objective of Municipality to achieve a waste free healthy and hygienic City. Ultimately, there shall be no landfill/dump site for dumping of waste under the present scheme of things.

BALANGIR MUNICIPALITY has set up 03 No. of Wealth Centres (MCC & MRF and all the 21 wards of BALANGIR MUNICIPALITY have been suitably tagged to these Wealth Centres depending on distance and other factors. The MCC is meant for processing of biodegradable waste and similarly, MRF is for processing of dry waste.
